The biggest minstre! company n with countless multitudes in the future, presents this season the most attructive list of novel te that he ever offered, with more as sedicas, more singers, more dancers and a bet-

ter musical organizatio for the fore. The program is replete the new ballads, shetches and tenny sayings and doings, and the ins case and furious, as the screams of delight and volumes of applause will testify. The entire bill is devoted to laughing purposes only, with enough ballads and sentiment for a relaxation of the muscles after a prolonged spel if merriment. Never before has there been such a stupendous outlay of money made for minstrel production, both in securing the best available talent and is scenery and costuming.

THE NEW YORK WORLD,

THRICE-A-WEEK EDITION Almost a Daily at the Frice of a Weekly

The most widely circulated "weekly" newspaper in America is the New York World, and with the presidential campaign now on hand you cannot do without it. Here are some of the reasons why it is easily the leader in dol-

lar a year journalism: It is issued every other day and to all purposes a daily. Every week each subscriber receives 18 pages and often during the busy scason 24 pages a week.

The price is only \$1 per year. It is virtually a daily at the price of a weekly. Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such

D'The Thrice a Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism, "America's greatest newspaper" as it has been justly termed—The New York

Its political news is absolutely im-partial. This fact will be of especial value in the presidential campaign coming on.
The best of current fiction is found in its columns.

These are only some of the reasons; there are others. Read it and see them all. We offer this unequalled newspaper and the Oklahoma Leader together one year for \$1.25.
